**MULTIFUNCTIONAL
URBAN CLEANING MACHINE**

The CitySweeper-S keeps entire public areas clean and attractive. The 6 different functions of the CitySweeper-S - sweeping, waste vacuuming, weed brushing, (leaf) blowing, pressure washing and disinfection - make it possible to achieve better results with just one machine and one operator.

100% ELECTRIC POWERED

The CitySweeper-S is fully electric powered and is perfectly suited for modern, environmentally friendly city maintenance. The 100% emission-free CitySweeper-S works silently and unobtrusively to keep entire public areas clean and attractive, and has enough capacity for one working day.

AGILE, EASY TO OPERATE AND SAFE

The CitySweeper-S is a compact powerhouse that is easy to operate. The stunning manoeuvrability and steplessly adjustable driving speed ensure perfect control and safety for the operator and people in public areas. The large wheels of the CitySweeper-S also ride smoothly on uneven surfaces (the Ramps Kit can be used to drive up curbs).

EFFECTIVE EVERYWHERE

The CitySweeper-S can be used as a multi-functional "cleaner" in city centers, bicycle and walking paths, shopping malls, parks, theme parks, playgrounds, parking garages, industrial sites, business premises, factory halls, port areas etc.

100% electric powered
CitySweeper-S
one machine to keep public areas clean and attractive

Custom RAL color (optional)
The CitySweeper-S can be ordered in any RAL color (or other custom color on request)

Extra Suction Power Kit (optional)
For easy vacuuming heavier waste and debris

Leaf Blower Kit (optional)
In combination with the extra suction power kit, the suction tube can also be used as a (leaf) blower

Water tank Kit (optional)
Extra 22 liter water tank connected to the spray nozzles on side brushes or connected to pressure washing system

Dust control system
This water spray system on the side brushes avoids dust formation while sweeping

Extra powerful suction motor
For vacuuming larger waste and debris

Sturdy metal frame
Made for professional, daily use in urban environments

Shockproof side brushes
The shockproof side brushes are following the surface and retract when touching an obstacle

Broom & Grabber Kit (optional)
Professional broom and waste grabber to pick up waste from hard to reach places, including Click&Go mounting system

LED flash light (optional)
360° orange flash light on telescopic pole

Lighting Kit (optional)
LED working light on the front, LED blinking lights on both sides and LED rear lights

Reservoir with waste bag
All dust and waste is collected directly in easy-to-remove waste bag (100 liters)

Rider Kit (optional)
Attachable (folding) seat on wheel

Ramps Kit (optional)
With the two removable ramps, height differences such as curbs etc. can easily be bridged

Pressure Washing / Disinfection Kit (optional)
Incl. pistol, lance, nozzle, pressure hose and lance clamps / storage system

Options

RIDER KIT

Easy to detach seat on wheel for covering longer distances and/or cleaning larger surfaces comfortably.

WATER TANK KIT

Extra water tank (22 liters) connected to the nozzles on side brushes or connected to the pressure washing system.

EXTRA SUCTION POWER KIT

Adds extra suction power for effortlessly vacuuming larger/heavier waste.

(LEAF) BLOWER KIT

The CitySweeper-S can also be used for powerful air blowing. The lightweight carbon suction tube with ergonomic handle therefore serves as a (leaf) blower (available with Extra Suction Power Kit).

WEED BRUSH KIT

Combination of extra powerful motor and weed brush with steel brush hairs for fast and effective weed control.

RAMPS KIT

With the two removable ramps, height differences such as curbs etc. can easily be bridged.

BROOM & GRABBER KIT

Professional broom and waste grabber for picking up heavier waste from hard to reach places, including Click&Go mounting system.

LIGHTING KIT

LED working light on the front, LED blinking lights on both sides and LED rear lights.

PRESSURE WASHING / DISINFECTION KIT

Cleaning and disinfection of outdoor furniture, playgrounds, removing food residues etc.
